- čitanje - A1
- pisanje - A1

Interests

My primary interest is my advancement in web & software development. I am passionately studying new technologies, some of them are : ASP .NET CORE, Angular and React.js.

I'm currently improving my knowledge in CMS's like Wordpress, Joomla and OpenCart.

I'm also interested in audio production, everything from recording and mixing to mastering songs and all-around albums.

Education

Rujan, 2013 - Rujan, 2017 Computer science

Polytechnic of Međimurje in Čakovec

Thesis : System based on neuro-fuzzy (AI) model for employment estimation of MEV students

Activities

- **Socijalna Samoposluga** – volunteer
- **Freelance** – designing band logos and album artworks.
- **Piano & guitar** -playing both for 10+ years.
